

# RUN 4 RARE SPONSORSHIP

RUN, WALK OR ROLL

SATURDAY, APRIL 23, 2022

5K HYBRID RACE

**Dear Community Partner:**

CureARS, a NJ Non-Profit Corporation is proud to announce the first Annual Run4Rare hosted by Raritan Valley Community College. Participants will come walk, run or roll on Saturday, April 23, 2022 starting at 9:00 a.m. Proceeds will benefit disease research for Mitochondrial Disease. CureARS is a 501(c)(3) non-profit patient organization that was formed by two moms with the goal of saving their kid's lives. One of these children, Aubrie Rowland, is a resident of Raritan Borough. Aubrie is 3 ½ years old and has a rare form of mitochondrial disease.

According to the United Mitochondrial Disease Foundation, every 30 minutes a child is born who will develop a mitochondrial disease — and only half will live past their 10th birthday. Mitochondrial dysfunction has been linked to afflictions such as cancer, autism, diabetes, Parkinson's disease, infertility, and obesity.

We can create a positive change for these patients, but we need your help! This disease community has little representation but with your help, we are giving them a voice. Our goal this year is to raise a minimum of \$50,000 to fuel research, find effective treatments, and ultimately find a cure for this disease.

Your support will bring us closer to reaching our ambitious goals in the fight against mitochondrial disease. Your sponsorship will be recognized through our marketing materials and media exposure at the event.

Included is a list of ways you can support this amazing cause. Any donation made to CureARS is considered tax deductible (EIN# 86-3568273). By sponsoring this event, you will touch the lives of those affected in this disease community and around the world as we seek a cure for mitochondrial disease. For more information to support our event, please contact me at (908) 917-0033 or [info@curears.org](mailto:info@curears.org).

Thanks in advance for your kind consideration!
